We're here to help you save money and stay warm!

Plymouth Energy Community's friendly advisors are working in Ham, Devonport and St Budeaux. If you own or privately rent your home, The Energy Team can visit you and install FREE measures to help you stay warm and lower your energy bills.

The Energy Team can:

- Install free measures such as LED lightbulbs, draught excluders, hot water cylinder jackets, heating controls and energy monitors
- Give impartial advice on switching energy suppliers
- Provide a report on your home's energy efficiency

Do I need to pay for anything?

No, all advice and changes to your home are FREE.

Who will visit?

Our trained, friendly advisors visit and install simple changes. They are DBS checked and experienced in helping residents in their homes.

How long will a visit take?

Between one and two hours with minimal disruption.

It's easy! Contact us now to book your home visit
